Summer 2026—silver jubilee year

Dear Supporter,

This year we reach a significant milestone, the 25th anniversary of the opening of the Druk Padma Karpo School. Thanks to the generosity and dedication of supporters like you, the school has grown into the success that it is today.

A quarter of a century ago, the school opened with the aim of providing girls and boys from throughout the Ladakh region with high-quality, modern education that embraces traditional Ladakhi values.

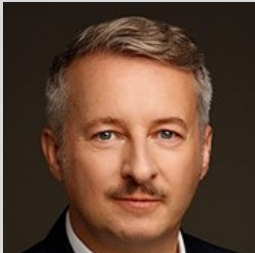

Today, the school is a model of excellence, winning both educational and architectural awards, providing a holistic education, ensuring gender equality and creating a balanced learning environment.

The silver jubilee edition of the Lotus Leaves newsletter, rather than focusing on the activities of the past year, turns the spotlight on alumni, extra-curricular activities and awards won by the school. These successes and achievements have been made possible by the generous support of our donors like you.

Having come so far together, we are now in the final three years of the five-year expansion programme, and we need your help to reach the finish line. We are delighted to report that funding for the Grade 11 and 12 science building is almost in place. The next major project, due to start in 2027, is a four-classroom building for commerce and humanities costing £364,500, of which we need to raise half this year to be able to begin construction on time.

We have pleasure in sending you the 25th anniversary edition of Lotus Leaves which we hope will continue to inspire your support.

We are deeply grateful for your continued support.
With sincere thanks.
